

MAX's Urban Picnic

In the hustle & bustle of everyday life it's rare that we have a moment to stop and enjoy the simple pleasures of life... such as a romantic picnic. MAX's Wine Dive is featuring a unique, romantic, nostalgic take on the "Classic Picnic"... and we're doing it "MAX's style!"

Here is the Vision...

"You're a hip, young professional with a bit of a romantic side. You are planning a date, but you are not just the Average Joe/Jane... you need something truly unique and special - much like yourself.

*So what do you do? You make reservations at Max's Wine Dive for the exclusive **"Urban Picnic."***

*Picture it... it's seven o'clock on Friday night and you walk into a crowded Max's Wine Dive with your date. People are everywhere, the juke box is cranking and the place is just humming. You walk over to the one table in the joint that is different... it's draped in a classic red & white table cloth, a long white candle is flickering and a small, hand-written note that says ***"Just for You"*** is carefully placed on top of the table. Moments later, a server walks over and places a loaded picnic basket on your table and simply says "Please let me know if there is anything else I can get for you."*

[Inside the basket there are... two wine glasses, your wine/Champagne, and a bottle of water; a salad of your choice, two pieces of cold fried chicken, two sandwiches of your choice and three chocolate covered strawberries.]

So here you are in the middle of the concrete jungle, in city you love, enjoying a new-age picnic in one of the most popular and busy restaurants around... and all eyes in the restaurant are on you!"
